LBS COLLEGE OF ENGINEERING KASARAGOD

VISION

To become a paragon institution for pursuance of educational and research engineering and technology

MISSION

To impart finest quality Technical Education & training and to nurture a vision of sustainable development and bequeath it to the next generation of professionals

Department of Computer Science and Engineering

VISION

To be a renowned centre for education, research, and innovation in the frontier areas of Computer Science and Engineering.

MISSION

- Establish and maintain an operational environment to acquire, impart, create and apply knowledge in Computer Science and Engineering and inter-disciplinary.
- Serve as a resource centre for innovation in design & development of hardware and software
- Inculcate leadership qualities, professional ethics and a sense of social commitment.

Program Specific Objectives:

1. Our graduate will be able to observe, critically analyze problems in all relevant areas and develop cost-effective software and/or hardware solutions using advanced tools.
2. Our graduate will be able to conduct research and develop sustainable technology, and apply knowledge to transform innovative ideas into socially relevant products.

Program Educational Objectives

- Predominate as a professional in the field of hardware and software industry.
- Demonstrate good leadership and interpersonal skills while working with diversified teams in interdisciplinary areas.
- Possess enthusiasm and aptitude to enhance knowledge by accomplishing higher qualifications.

Programme Outcomes

After completing the programme B.Tech in Computer Science and Engineering, a graduate will be able to:

1. Engineering Knowledge:
2. Problem Analysis:
3. Design/Development of solutions:
4. Conduct Investigations of Complex problems:
5. Modern Tool Usage:
6. The Engineer and Society:
7. Environment and Sustainability:
8. Ethics:
9. Individual and Team Work:
10. Communication:
11. Project Management and Finance:
12. Life-Long Learning:
